Rockwell Parts

Rockwell Parts - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and parts together with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an atmosphere that encourages the utmost integrity with empowered collaboration, along with a unyielding pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any questions or comments, as they are happy to share and promote this policy with a greater understanding of their efforts. They are extremely committed to preserving and improving the natural environment. AxleTech has an EHS program that not only protects the natural environment but which likewise actively protects their neighbors and employees too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specially designs axles in order to meet specific application demands. They have over one thousand various axle specs within their existing offering. With over one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The business is well known in numerous military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details that can be found in the "ISAS" product collection.
