

Lull Telehandler Parts

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement precision ever since 1959. The Lull telehandler could help make the job easier and faster, whether the job requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to provide 80 inches of boom travel for precision placement capabilities. There are likewise a lot of optional Lull accessories for their telehandlers to be able to help do whatever work.
